Is your home adequate for your needs or does it need adjustments ?

One need that is often overlooked is the ability of the homeowner or resident to be able open and close their window blinds and curtains with ease...

“Around one in five adults in the UK is disabled, and more than one million of those live alone. With the right support and facilities, leading an independent life with a physical or learning disability is now more achievable than ever” (NHS, 2014)

Here at Elite Blinds UK we can make any bespoke window blind and take the customers needs into consideration at the design stage of the consultation.

Established since 1991 , Elite Blinds UK staff and gained a wealth of knowledge and expertise in the Window Blinds and Shutter arena. We have a dedicated work force and make most of our blinds in our factory in Blackburn.

As members of the BBSA we take safety and function of Window Blinds very seriously and all our blinds adhere to child safety regulations and conform to EN13120

We have designed and supplied window blinds to the NHS, Schools, Care/ Respite Homes, Day Centres, Commercial buildings and in the customers own homes.

Each Window blind and Shutter we supply and fit comes with a warranty and a piece of mind that we will provide the same professional aftercare .

The free measure and design consultation we offer in the comfort of your home will provide an opportunity for you to select fabric samples and match them against your windows and décor, we can even provide swatch fabrics for you.

Welcome to the World of Blinds

## The benefits of a Somfy motorised interior blind

### The quiet Sonesse range

This smooth and silent interior blind range is dedicated to preserving the

### The “my” function

This clever function lets you line up your blinds perfectly with a centralised remote control.

Compatible with all Somfy RTS products.

### 100% wireless [WireFreeTM](#) range

These independent motors are operated by solar or battery power, with one to five years of battery life depending on usage.

Radio Technology Somfy®

**No more cables or strings that get tangled up! With just one click you can open or close your blind with perfect positioning and alignment.**

**Somfy motors are also ideal for large windows, high-up or hard to reach shades.**

**Motorised blinds enable the user to open and close the blinds by use of a remote control. Thus maintaining their independence.**

**“My new motorised window blinds enable me to adjust the blinds during the day when my wife is out. Being in a wheelchair I could not reach the blinds we used to have ...but now I have my Independence again. When the sun is shining I can adjust them....the remote is easy to use. and they were very affordable, money well spent”**

**(Mr G, Blackburn)**

**Motorised blinds and curtains are perfect for hard to reach places. One handset can operate blinds in the same room at the same time, and with a timer, you can let the system do everything for you.**

**Roller, Roman or Venetian, *the choice is yours***
